1. Sockets only for fans, computers, printers, TV, hair dryer, tape recorders, razors, lamps, battery chargers, electric mosquito coils, small refrigerators, dehumidifiers use at the dormitory. (every room allows one small fridge and one dehumidifier. Should a small fridge is needed it needs to apply in accordance with the terms set out in this manual).
2. In order to ensure the safety of the dormitories, the following items cannot be added without consent / request: heater, cooker, toaster, microwave, video machines, air conditioners, irons, rice cookers, electric bowls, electric spoons, induction cooker, portable air conditioners, blanket dryer machines, coffee maker, electric thermos, egg boiler, large refrigerator, gas suppliers and other electrics that may cause danger or overload to the power.
3. If items are not mentioned above, please notify the Student Housing Centre and obtain their approval prior to use. If it has caused fire due to violation of rules, the parents of the party causing harm should bear the liability and the party who caused harm may face criminal charge.
4. For the electric devces to be used at the dormitories, they need to have “certified” on the product, which certifies that it has passed product inspection from the Commodity Inspection Bureau. Other defective products or second hand products must not be used. Users should bear the liability of use for such electric devices.
5. When appliances are not in use, appliances should be unplugged.
6. If it is for medical, recovery, medicine supplement and specific purposes, it needs to use forbidden items, should attach medical certificate before a written application. After approval, it can be used, but only in limited timeframe and only in student functions room or specified places.
7. When power is cut off due to overload, should notify the counsellor and will arrange contractors to fix this. Cannot be fixed on your own to avoid accident.
